What is JaVECCS

JaVECCS is a growing society that is working to establish emergency and intensive care as an important field in Japanese veterinary medicine and to contribute to its future with the three pillars of sharing academic information, pursuing deeper expertise, and fostering future generations.

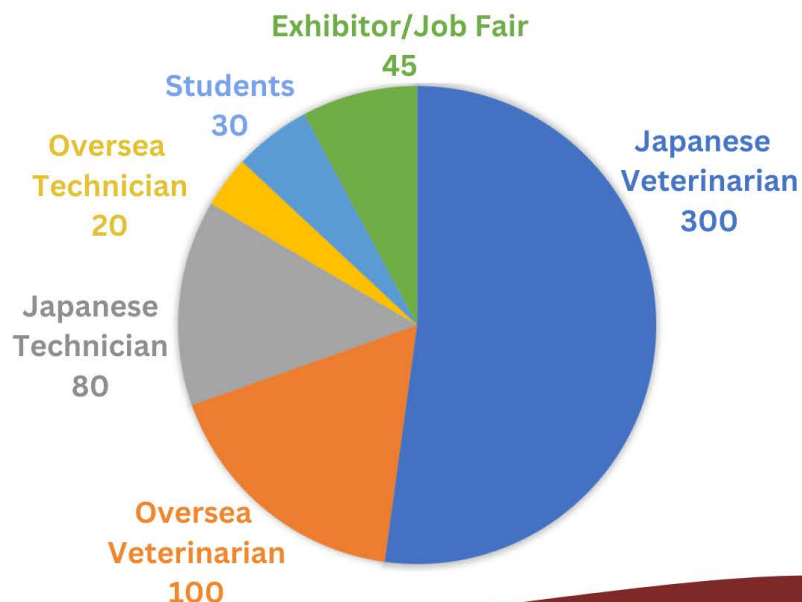

JaVECCS International Symposium

The JaVECCS International Symposium is a valuable opportunity for participants from Asia and around the world to gather and share the latest trends and knowledge in veterinary emergency and critical care. It is supported by VECCS as a platinum sponsor.

As a sponsor of this event, you will have the opportunity to interact with veterinary hospital and university personnel from Japan and abroad. Depending on the sponsorship package you choose, you may also have the opportunity to have your company's logo and branding featured in event-related promotional materials, and to have your products and services featured at the event.
